### UNION MEMBERS CAPITULATE IN MAYTAG STRIKE

#### Join Back-to-Workers in Return to Factory This Afternoon

Newton, Iowa, Aug. 4.—(AP)—Maytag factory employees returned to work in single file through lines of helmeted National Guardsmen today after the Maytag C. I. O. union local voted to capitulate under protest to Gov. Nelson G. Kraschel's order opening the plant under martial law.

Shortly before 1 o'clock, one hundred union members entered the plant in single file between steel-helmeted National Guardsmen, joining a similar number of back-to-workers who had entered previously.

Shortly afterwards a continuous stream of men poured into both entrances of the plant. A. H. Taylor, factory superintendent, said the wheels of the big washing machine factory would begin turning as soon as the men could get organized at their jobs.

Two hundred fifty additional National Guardsmen arrived on the strike scene to be on hand when the factory reopened under martial law, in accordance with orders from Gov. Kraschel.

Military officials said the additional guardsmen were moved in today to replace guardsmen assigned to attend a camp next week and that the present force of nearly 500 was an "overlapping" of the two groups.

**Employees Divided**  
John Connolly, union attorney, said earlier today he believed the union men would agree to go back to work "under this military coercion" without any waiver of their rights.

Employees of the plant are divided on the basis of about 600 back-to-work advocates and 800 others, most of whom attended the union meeting.

In Des Moines, meanwhile, the National Labor Relations Board is hearing charges of unfair labor practices, brought against the company by the union, was resumed, with several Jasper county officials on the list of subpoenaed witnesses.

Around the factory, the number of sentry posts was increased and strength of reserves was augmented.

Governor Kraschel last night ordered the plant reopened under military protection at noon today following refusal of the Maytag C. I. O. union local to accept a 10 per cent wage cut and a proposal which would deny restoration of jobs to 12 of the striking workers.

### Circus Omits Its Stop At La Salle

Rochester, Ind., Aug. 4.—(AP)—At headquarters of the Cole Brothers circus here today officials said the show was returning for reorganization and a cut in personnel.

It was explained labor trouble had been encountered and bad weather had cut attendance recently. The show will go on the road again after the reorganization is accomplished, officials said.

There had been reports yesterday when the circus played at Huntington that such a move was contemplated, but no official confirmation was made. Performers believed when they went to bed aboard the train after the performance that their stop would be LaSalle.

The circus had been loaded on the Illinois Central tracks and in the early morning had been switched to the Nickel Plate road for Rochester.

### Man in Clothing for Winter Dead

Milford, Conn., Aug. 4.—(AP)—A man dressed for winter died from the heat.

Medical Examiner William J. H. Fischer said the victim, believed to be James Connelly, 55, of Hartford, was wearing heavy underwear, two pairs of trousers and two shirts when he collapsed yesterday on a street here. The mercury then stood in the nineties.

### WATER CONSUMPTION

Washington, Aug. 4.—(AP)—Agricultural department scientists said today that, contrary to popular belief, corn used less moisture from the ground in producing a bushel than did wheat.

They said experiments conducted at the northern Great Plains field station at Mandan, N. D., showed that more water was used under wheat production than under corn.

### MACK BUYS LILLARD

Philadelphia, Aug. 4.—(AP)—Connie Mack, manager of the Athletics, announced today the purchase of William B. Lillard, 20-year-old shortstop of the San Francisco club of the Pacific Coast league. The purchase price was not disclosed.

### Nurses on Hand

Chicago, Aug. 4.—(AP)—Sedate music lovers became jitterbugs last night, crowding into fashionable Ravinia at triple prices to hear Benny Goodman's swing band do such melodies as "Flat Foot Boogie" and "Clarinet Marmalade."

They came in trading chiffrons, dinner jackets and sport clothes— youngsters, oldsters, swing fans, patrons of the classic in music and the curious. Shrieks of "We want Goodman" and occasional stamping started a half hour ahead of the scheduled concert. When the first musician appeared, the audience sounded like baseball fans at a world series game. Applause punctuated the entire program.

Meanwhile, three nurses remained quietly on hand—to take care of anyone overcome by the music heat or crowd.

### FATHER DIVINE HAS A PRIVATE 50-ROOM HEAVEN

New York, Aug. 4.—(A)—Father Divine, styled "God" by his followers, had a private 50-room heaven of his own today.

To the astonishment of its former white owner, the Negro cult messiah punched the doorbell of the commodious mansion on upper Madison avenue at East 122nd street, on the fringe of Harlem, and announced:

"I am the new occupant. Peace!"

The big house, equipped with its own private telephone system, was presented to Father Divine by the mysterious source which is always announced as "a group of his followers." The plump, bald-pated cult leader himself professes never to have money or to need it.

A white agent of Father Divine purchased the house recently from Dr. Elihu Katz, stomach specialist, whose first knowledge that the Negro evangelist was the buyer came when Father Divine appeared at the front door.

"I was astounded," said Katz. "I showed him through from top to bottom and he kept saying, 'It's wonderful. Peace. I never saw anything like it.'"

The house, purchased for \$24,000, will serve as Father Divine's personal retreat, along with his 12 secretaries and a few chosen "angels."

### Blind Girl Is Not Allowed to Land in England With Dog

London, Aug. 4.—(AP)—Hazel Hurst, 22-year-old blind American lecturer, and her "seeing eye" dog remained aboard the liner American Merchant today with hopes of gaining permission to take the dog ashore dwindled rapidly.

Yesterday she telegraphed King George VI asking him to intervene against the regulations requiring dogs to be quarantined. But King George and his family are on a vacation cruise.

An official of the United States lines said Miss Hurst, who comes from Oneonta, N. Y., had made all arrangements to return to the United States tomorrow aboard the American Merchant.

### Duck Hunters Look for Great Season

Springfield, Ill., Aug. 4.—(AP)—With the migratory game bird season extended from 30 to 45 days, Conservation Director Thomas J. Lynch predicted today that Illinois sportsmen would have the best hunting season since 1928.

The open season on ducks, brandt, geese, coots and snipes will be from October 15 to November 28.

### Reckless Driving

Rock Hill, S. C., Aug. 4.—(AP)—Someone should be driving recklessly up and down the street. He gave the license number, too.

Two officers cruising in a patrol car were ordered to hunt the offender. They hunted until one noticed the number reported was that of their own patrol car.

### Midwest Gets Short-Lived Respite

from Excessive Temperature Today

Chicago, Aug. 4.—(AP)—The midwest enjoyed a respite from excessive temperatures today, but the relief may be short-lived.

H. A. Downs, government forecaster, said another "less pronounced" warm wave was forming the northwest and would bring higher temperatures to the area tomorrow.

Considerably cooler weather overspread the Plains states, the upper Mississippi valley and the upper Great Lakes region today.

### MAYOR IN OHIO ASKS DIVISION OF RELIEF LOAD

#### Cleveland Official Takes Plan to GOP Program Committee

Chicago, Aug. 4.—(AP)—Mayor Harold H. Burton of Cleveland advocated a division of the relief burden between the federal and local governments before the Republican program committee today.

Under his plan, the federal government would provide work relief for the "unemployed employables" and the local governments would establish permanent programs for the needy element unfit for regular jobs, such as the blind, aged and crippled.

The "relief chiselers"—able but unwilling to labor—would be left intentionally "in the middle." He estimated they represented between five and 15 per cent of the assistance load.

"The solution of the relief problems lies in action toward industrial recovery," Mayor Burton said. As the scope of recovery increased, he added, the federal government could cut down on its relief activities.

**"Habit of Work"**  
He regarded work relief as an important means of maintaining the skill and "habit of work" of persons temporarily out of employment. The number on relief in Cleveland dropped to 90,000 last October, he said, but since then had increased to 200,000. It was necessary to provide relief work for the 110,000 persons who were added to the list during that period, he pointed out, so they would be prepared, mentally and physically, to return to private industry.

The mayor reported the policy he supported was originated by the United States conference of mayors. He outlined his views to reporters before presenting them to the committee in a closed session.

Meanwhile, the program drafters "appraised" "racket-busting" as a national issue.

Francis E. Rivers, assistant district attorney of New York City, told the group at an open forum last night that "the fate of the rackets is in a real sense a political question."

**Price of Corrupt Politics**  
"Corrupt politics nurtures rackets," he said. "Enlightened politics destroys rackets."

"Parties controlling our national, state and local governments must have fidelity to the highest public good which makes them attack and destroy that menacing alliance of rackets and politics," he said.

Another speaker last night was Jan N. (Ding) Darling, president of the National Wild Life Federation and former chief of the United States biological survey.

He said at least 3,000,000 men now on the unemployed list could be rehabilitated at permanent, healthful and profitable employment if the abandoned farms, whose soil is exhausted, the dust bowl, the forests and the commercial fishing resources were back where they were in 1900.

### Board and Coroner Have Not Made Pact

The Lee county board of supervisors was in session today in the regular monthly meeting. At this morning's session Justin Becker, chairman of the fees and salaries committee reported to the board that the committee had met with Dr. Kenyon B. Segner, county coroner. Thus far, however, Chairman Becker stated a satisfactory salary and scale of expenses had not been reached.

Superintendent of Highways Fred Leake presented a request to the board that the county clerk be instructed to receive and deposit funds which had been collected by the highway superintendent as follows: \$1,003.25 to be deposited in the highway maintenance fund and \$549.96 in the county highway fund. The board voted confirmation of the request.

### Shower and Thunderstorms

brought temporary relief from 24 hours from eastern Texas and the lower Mississippi valley eastward to the middle Atlantic coast and from the upper Mississippi valley eastward to the extreme North Atlantic states.

High temperatures prevailed today in the North Atlantic states. Although the temperature in Chicago was 79 at 10 A. M., Downs predicted the readings would remain in the lower 80's during the day.

### Criticizes Ford

New York, Aug. 4.—Eddie Cantor, Jewish radio entertainer, criticized Henry Ford yesterday for accepting a medal from Chancellor Adolf Hitler, whom Cantor termed the "world's greatest gangster."

The medal was presented the auto manufacturer in recognition of his 75th birthday.

"I question Mr. Ford's Americanism and I question his Christianity," Cantor told a luncheon of a women's Zionist organization. "The more men like Ford we have, the more we must organize and fight."

Mrs. Herbert H. Lehman, wife of New York's governor, praised Cantor for having collected \$500,000 in England to send Jewish youths from Germany and Poland to Palestine.

### URGES TAVERNS IN RURAL AREAS TO CLOSE EARLY

Springfield, Ill., Aug. 4.—(AP)—Chairman Arthur S. Smith of the state liquor control commission advised county boards today to require that taverns in rural territory close at approximately the same hours as in the cities.

That action he said, would end trouble over "early morning drinking sprees," at county taverns.

"Young people often remain in the city taverns drinking until the closing hour then depart for the county taverns where they continue," Smith remarked during consideration of a Mason county appeal.

"And usually it is those last one or two drinks that young people should not take."

"We've seen a lot of wide-open communities go dry by local option through excesses brought on by indefinite closing hours and operation on Sundays."

"It's your own business, but it seems to me that six days of open taverns is enough, and that communities would do well to close up on Sundays. There's no use flaunting things that antagonize those opposed to the sale of liquor."

The chairman said the state commission has no jurisdiction over closing hours.

### Zoning Ordinance Completed and Filed with Clerk: Hearing Aug. 16

#### Draft Open Now for Inspection by Any- one Interested

The special commission appointed several weeks ago to draft a zoning ordinance for the city of Dixon, has completed its initial duties and with the assistance of City Attorney Gerald Jones, has drafted a measure which is now on file in the office of City Clerk Wayne C. Smith, open for public inspection. The first public hearing has been set for Tuesday, Aug. 16 at 8 A. M. in the city council chamber. The members of the zoning commission are: A. A. Rowland, chairman, Rae Arnold, Erman O. Miller, Robert Reed and E. C. Coppins.

The proposed ordinance provides industrial, commercial and residential districts, and a map outlining the zones is being completed today. Two industrial zones, both located on the south side of the river, and three commercial districts are outlined under the measure. The first paragraphs of the proposed measure, which is subject to changes, follow:

An ordinance to regulate and limit the height and bulk of buildings hereafter to be erected; to regulate and limit the intensity of lot areas, and to regulate and determine the area of open spaces, within and surrounding such buildings, to classify, regulate and restrict the location of trades and industries, and the location of buildings designed for specified industrial, business, residential and other uses; and for said purposes, to divide the city into districts providing special regulations for each district, fixing the standards which buildings or structures shall conform to therein; prohibiting uses, buildings, or structures incompatible with the character of such districts respectively; preventing additions to and the alterations or remodeling of existing buildings or structures in such a way as to avoid the restrictions and limitations imposed hereunder; to create a Board of Appeals; to define certain terms used in said ordinance; to prescribe penalties for the violation of its provisions and designate the time when the same shall take effect.

Whereas, it is deemed expedient to the end that adequate light, pure air and safety from fire and other dangers may be assured; that the taxable value of land and buildings throughout the city may be conserved, that congestion in the public streets may be lessened or avoided, and that the public health, safety, comfort, morals and welfare may otherwise be promoted, all in accordance with a well considered plan for the uses and development of all property throughout the city.

**Industrial District**  
No building or premises shall be used and no building shall be erected which is arranged, intended or designed to be used, nor shall any building be altered to be used for any kind of manufacture or treatment as incidental to the conduct of a retail business for the sale of the larger portion of the products on the premises to the ultimate consumer, which manufacture or treatment shall not occupy to exceed 25 per cent of the floor arrangement of the building or premises, except within the manufacturing area described, or for within the following described territory, viz:

Beginning at a point on the south bank of Rock river where the center line of Dement avenue would intersect said river, if extended; Thence southerly along the center line of said Dement avenue, if extended, to its intersection with the center line of First street;

### Wants Overcoat

Manchester, N. H., Aug. 4.—(AP)—With the temperature in the 90's, Willie Davis, Georgia Negro, complained he was cold when arrested for stealing a train ride.

He was wearing three blue denim shirts, a woolen vest, a double-breasted coat, a single-breasted coat and two pairs of pants.

Given a 30-day suspended sentence by Judge Alfred J. Chretien, Willie made one request as he headed for Atlanta: "None of you gentlemen has got an old overcoat you don't want, has you?"

### SLUMBERS ON THE COOLING BRIDGE RAIL

Chief of Police J. D. Van Bibber and Patrolman Harry Jones formed a two-man life-saving corps last night about 11:30 when they rescued Charles Guillaume, Omaha, Neb., truck driver from a dangerous position on the Peoria avenue bridge. Guillaume, according to the police, had imbibed too freely during the evening and then sought a cool place to retire for the night.

He selected the west railing of the bridge, stretched out on the 10-inch cement rail and soon was fast asleep. Motorists observed the sleeping stranger and notified the police. Chief Van Bibber and Patrolman Jones rushed to the scene and feared that upon sudden awakening, the sleeper might fall into the river. He was seized quickly and pulled down on the walk where he was aroused from his deep slumber and then taken to the police station.

According to the police, Guillaume was very ungrateful to his rescuers and created a scene at the police station. This morning he was taken before Justice Fremont Kaufman where Chief Van Bibber lodged an intoxication charge, and he paid a fine of \$5 and costs.

### REGRETS EXPRESSED

Praha, Aug. 4.—(AP)—The Czechoslovak government expressed regret today two of its planes had flown over German territory and said the fliers who did it would be punished.

The official explanation for the incident yesterday, against which Germany had protested sharply, was that the fliers had lost their bearings during exercises.

Intersection with the center line of Peoria avenue;

Thence northerly along the center line of Peoria avenue to its intersection with Second street;

Thence westerly along the center line of Second street to the Illinois Central right of way;

### Conflicting Dates

San Francisco, Aug. 4.—(AP)—Because of the Women's Christian Temperance Union, the Bartenders' International Alliance has postponed the opening of its annual convention.

The two groups chose the same San Francisco hotel for their gatherings. The W.C.T.U. convention opens today and lasts through the date originally intended to start their meeting. So the bartenders have decided to wait until August 15.

## RECORD VOTE IS EXPECTED TODAY IN TENNESSEE

### Bitter Campaign Has No National Significance However

#### U. S. Treasury

Nashville, Tenn., Aug. 4.—(AP)—Tennessee voters marked ballots today for a United States senator, governor, and public utilities commissioner in a Democratic primary devoid of outstanding political issues, but important as a testing ground for two powerful political factions.

Interest aroused in the fight between National Democratic Committeeman E. H. Crump of Memphis and Governor Gordon Browning for supremacy within the state caused observers to forecast a record vote of around 400,000.

Crump is head of the Shelby county (Memphis) organization. Browning is seeking renomination. Crump backed Browning two years ago, thus giving him approximately 60,000 votes, but this year threw his support to Prentice Cooper of Shelbyville for the governorship.

Browning charged efforts would be made "to steal the election" in Memphis, and only this week abandoned plans to send National Guardsmen there.

Aligned with Browning is Senator George L. Berry, seeking nomination to succeed himself, and W. H. Turner, incumbent public utilities commissioner, while Crump is supporting Cooper for governor. A Tom Stewart, Winchester attorney, for senator, and W. H. Hudson of Clarksville for utilities commissioner.

#### Other Candidates

Three other candidates are running for the senatorial nomination, Rep. J. Ridley Mitchell of the fourth district, designated as a non-factionalist; Dr. John R. Neal, Knoxville attorney, and C. L. Powell, a farmer of Sumner county.

J. Bailey Wray of Knoxville is listed as gubernatorial candidate, but made no campaign, and Roy C. Wallace, another candidate, withdrew last night.

Joe E. Scott of Columbia is in the race for utilities commissioner, also.

Berry's platform includes planks against federal competition with private business and for private distribution of TVA power.

He denied a break with President Roosevelt.

Stewart is running on a platform fully endorsing Roosevelt policies. All the state's nine representatives in congress are seeking renomination except Mitchell, who is trying for the senate.

Among those seeking nomination to congress is Joe W. Byrns, Jr., son of the late speaker of the house, opposing Rep. Richard M. Atkinson of the fifth district.

#### PRIMARIES ANALYZED

Washington, Aug. 4.—(AP)—The figures for about half the primary elections show all but one of the senators and most of the representatives who have asked their party's endorsement for another term have obtained it.

Tennessee, picking candidates today for one senatorial and nine house seats, is the twentieth state to hold primaries. In the 19 states that have chosen candidates for the November balloting, 13 senate and 190 house seats were at stake.

Herbert E. Hitchcock, South Dakota Democrat, was the only senator who asked for renomination and failed to get it. Two other Democratic senators, Dietrich of Illinois and Reames of Oregon, did not ask to come back to Washington. The ten other senators were renominated.

Of the 190 house seats subjected to the scrutiny of the voters, 169 representatives have won party approval for two more years. Two seats were vacant when the primaries were held.

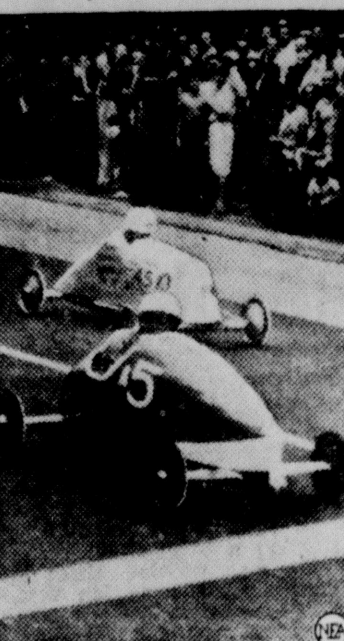

Twelve of the 19 representatives who have not been renominated did not ask for another term. Some voluntarily retired from congress, and others sought senate nominations.

#### Six Defeated

Six of the representatives who did ask renomination were defeated in the primaries. They were two Texans, one from Illinois, one from Virginia, and two from Pennsylvania. Another Texan still faces a run-off primary.

All those beaten either for the house or in the senate, were Demo-

crats. In most cases political students say local conditions as much as anything else contributed to their defeat.

No Republican incumbent has failed of renomination to either a house or senate seat. But only two Republican senate seats have been involved so far—those of Davis in Pennsylvania and Nye in North Dakota.

Only one Republican is among the group of house members who did not run for renomination. Representative Thurston of Iowa tried to get the senatorial nomination in his state. He was beaten by the sliver-haired L. J. Dickinson, former senator.

## CORRIGAN WILL ARRIVE IN NEW YORK THIS EVE

### Fog Delays Liner Bringing Famous Aviator Back to States

S. S. Manhattan, at Sea, Aug. 4.—(AP)—Douglas Corrigan, only a little less important in the minds of Irishmen today than Brian Boru, Finn Mac Cool and the great Cuchulainn, grinned with pleasure today as he stood at the rail of this New York-bound liner and looked forward to the welcome awaiting him.

The ship moved at half-speed through fog. Corrigan was in a fog, too, or at least he said he was as he remembered all that has happened to him in the month past—the flight in the old crate from California to New York, the take-off for home, and his surprise at finding himself in Dublin, of all places.

He knew, of course, what awaited him in New York, for he had got more than a dim idea of New York's frenzied greetings a couple of days before he started his wild trans-Atlantic flight, when the city went a little barmy over Howard Hughes and his four world-circling companions.

A month ago, Corrigan was remembering, he was just another flier with an airplane that moved one and all to wisecracks. Few had heard of him. Today he was the most talked of flier, and to him had come offers to make all kinds of money he had never dreamed of making—offers to endorse commercial products such as tooth paste and cigarettes, appear in night clubs or in front of movie cameras.

"But I can't sing and I can't dance," Corrigan grinned. So I guess I'll stay in aviation."

#### NEW YORK READY

New York, Aug. 5.—(AP)—The big town was ready today to give Douglas Corrigan, a hero by virtue of the most colossal navigation "mistake" since Columbus sailed for India and discovered America, a reception calculated to top all noise and attendance records.

"It's going to be the greatest welcome New York has given any

visitor since Col. Charles A. Lindbergh came home 11 years ago," was the expansive boast of James McGurran, chairman of the mayor's reception committee.

After considerable squabbling, a truce was declared last night between competing Manhattan and Brooklyn reception committees. Daring Douglas will get his Broadway ticker tape shower and city hall ceremony and luncheon with Mayor LaGuardia and the Advertising club on Friday, as scheduled.

In the afternoon he will go across the East river for a mid-afternoon parade from Floyd Bennett field, where he started his flight to fame, through Brooklyn to the Borough hall.

Dozens of craft have been chartered to take well-wishers down the bay to meet Corrigan on the liner Manhattan.

Fog delayed the vessel, and the skipper radioed it would not dock until 4 or 5 P. M. (C. S. T.) today.

#### Sublette Woman's Club

The Sublette Woman's club meeting was held last Thursday afternoon, July 28 at the home of Mrs. Anna Barton. The meeting opened by the singing of "There is Sunshine in My Soul", accompanied on the piano by Mrs. Helen Long, followed by prayer by the president. After the business session, a program of styles of long

ago was sponsored by Mrs. Emma Truckenbrod. She read many interesting accounts of the home life in the colonial days of 1665. She handed many clippings to club members and friends to read of wedding dresses of brides of long ago which was enjoyed by all. She concluded her program with an age contest. Mrs. Truckenbrod was given a rising vote of thanks for the fine program which she sponsored. Several articles of clothing of long ago were on display. After the meeting adjourned, the hostess served a dainty luncheon. On Aug. 11, Mrs. Lena Biddle will be the hostess and Mrs. Harriet Hatch will have charge of the program. Her subject will be on character.

#### COPS DECIDE PIKES

### PEAK IS NOT RACE TRACK

Pikes Peak, Colo.—(AP)—Professional race drivers may race once a year up Pikes Peak, on Labor Day, but in between times amateurs will have to watch their speed on the famous mountain highway, state police have announced.

Imitating the professional speed kings became such a popular sport the police announced a rigid pa-

trol will be established and all offenders will be taken to traffic court.

#### MEASLES CASES INCREASE

Madison, Wis.—(AP)—State board of health statistics show that three times as many youngsters as usual spent the first part of the school vacation days in bed with measles.

## HELP 15 MILES OF KIDNEY TUBES

### To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 Miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with stinging and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 Miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### NOW WHEN HE BUYS COWS HE LEAVES CASH AT HOME

Robert Lee, Tex.—(AP)—J. H. Smith, veteran cattle buyer, never takes \$1,000 bills with him any more when he sets out to buy cattle.

"I tried it once and offered it in payment for animals I had contracted to buy but cattleman after cattleman turned it down," says Smith.

He had to dig a hole, bury the bill and then make his bed over it when he camped at night. Even then he rested uneasily for fear someone would attempt to rob him.

### "TALL STORIES"—No. 2

"For years fishermen had pursued Big Oswald, the phantom of Dogtooth Lake. Never was there such a fish for getting away with your bait! One day I became disgusted. Abandoning hope of catching Big Oswald, I tied a Blatz Old Heidelberg beer bottle to my line for a bobber and sat down to fish for lesser fry. Suddenly I felt a terrific pull! Big Oswald, irresistibly drawn by the prospect of a cool bottle of Blatz Old Heidelberg beer, had disdained the bait and swallowed my bobber! (That's where he got hooked—I'd already gotten away with the Old Heidelberg!)"

### DEVICES GADGET

#### TO PICK UP AIR MAIL

Centralia, Ill.—(AP)—E. J. White has worked out a gadget which he says will enable an airplane to discharge and receive mail in one operation, without landing.

The device, which works satisfactorily with a model, includes a V-shaped "station" which would be mounted on top of a building.

The "V" would be wide enough for the pilot to hit his mark with a dangling mail sack. When the sack hit the point of the "V," it would be discharged and the other sack would be picked up, all in one operation.

White has received a patent on his gadget. He says patents have been granted for nine similar devices, but that none was satisfactory in actual operation.

### THE WORLD IS CURIOUS

#### ABOUT A HAY DRIER

Baton Rouge, La.—(AP)—Louisiana State University experts who developed a mechanical hay drier are getting requests for blue prints of it from all over the world.

The main part of the drier is a drum six feet in diameter by 40 feet long which rotates at the rate of 12 revolutions a minute. Low cost fuel oil produces heat which

is sucked through the cylinder carrying the hay with it.

The apparatus will dry approximately a ton and a quarter of hay an hour.

### 'HOPPERS' CLOG HARVESTER.

Otoe, Neb.—(AP)—A. J. Hobbie reported that grasshoppers became so numerous in his fields that they clogged his harvesting machinery to the point it would not operate.

### FLYING ANTS ATTACK.

Crosbyton, Tex.—(AP)—Charles Metcalf fought flying ants at his home until he was exhausted, then called the fire department. The fire ladders washed the invading army of insects away, finally, but the ants came back the next day. Metcalf said they besieged the house just before a thunderstorm occurred, after coming down the chimney in hordes.

## THE PRICE OF AMBITION

Japan which undertook to promulgate a Monroe doctrine for the far east several years ago and threatened dire happenings to any power which might interfere, today faces the possibility of having to enforce that defiant stand by force of arms.

One would have imagined that with their hands entirely too full in China, the Japanese would have been quite conciliatory to the Russians, even in the face of thinly veiled aggression, until China is mopped up. But not so. Totally unable to understand another people's viewpoint, our Japanese cousins seem to be rushing toward a double conflict, either of which would tax a richer, more powerful nation.

That is the price of imposing a Monroe doctrine upon peoples who don't want to be bothered with one. In our own hemisphere the Latin-American countries have been profited by the American Monroe doctrine in that it has permitted them to develop without fear of European aggression. The Chinese, however, consider themselves entirely competent to manage their own affairs without help from the Rising Sun. The Rising Sun thinks otherwise, and there is war without quarter. Then there are Russian complications, and if the Reds make good their threats it is possible that Japan is in for a deal of woe.

But we must not forget that the Japanese have allies. It seems that Germany and Italy stand willing to offer moral support in a war against Russia, if not actual military support. Russia, if actual hostilities get out of hand, will not be able to give her entire attention to the eastern front, but must maintain a powerful guard on her European borders. It would be somewhat crude to see the Germans attack Russia immediately upon the opening of hostilities with Japan, but crude things happened in 1914. Furthermore, Germany has no border contact with Russia, a serious complication.

When we consider that Japan has allies, we must remember that Russia has them, too. Consider France, which has a leftist agreement with the Reds, and which might feel it proper to attack Germany if Germany attacks Russia. That creates distinct possibilities. Then France, also, is not without allies. Only a few days ago the king of England was in France expressing the great admiration of his empire for things French. In the uniform of a British admiral the English king reviewed French troops, symbolizing the solidarity between the British navy and the French army.

But that was against Germany. No doubt the British, even in their own hearts, are reserving judgment about what to do in case the French attack Germany as result of a Russo-Japanese-German quarrel.

This network of alliances halts at the Atlantic ocean. There is money to be thought of, in case a major war develops, and money will be hard to raise in this country for the benefit of those who have not seen fit to pay anything on accounts incurred during the last World war. True, they have made some payments, but these were largely made possible by money borrowed from private investment sources in the United States.

## PUTTING TAXES IN SIGHT

Information that the federal treasury department is studying the possibility of reducing personal exemptions for income tax purposes may well cause some thinking among the lower brackets. If the budget can be balanced only by reducing exemptions, or by eliminating them altogether, then that will be accomplished unless we are to go into national bankruptcy. At any rate the tax will be out where people can see it who rarely saw it before, and it will cause them to cogitate upon federal waste and extravagance.

Taxes, as Franklin D. Roosevelt said once upon a time, are paid by the sweat of every man who labors, and in this he will be seconded, we believe, by the rank and file of economists both past and present. Money is something that is earned, and most of us are aware how hard it is to get. Taxes are paid with money, and most of us get money by sweating for it.

Let us not be deluded. If the income tax base is broadened we shall be paying no more taxes than we would have to pay at any rate, unless the new revenue is considered at Washington as a mere base for more spending. There is danger of that. We are trying to say that if other taxes, more costly in collection, are reduced or eliminated, the low income man will be paying no more than he is paying now, or is destined to pay to help the nation avoid serious consequences.

The man hitherto unaware of the income tax gatherer will simply be more aware of his taxes; being aware of them to a greater extent, he will use his influence to see that extravagance is avoided and the whole situation would be benefited. A whole political structure has been erected upon the outlay of taxes that many people do not know they are paying now and will have to pay in coming years.

Senator LaFollette of Wisconsin, one of the proponents of a wider tax base, urges that exemptions for married persons be reduced from \$2500 to \$2000, and for single persons, from \$1000 to \$800. This would affect approximately a million and a half more taxpayers.

## LET'S EXPLORE YOUR MIND

A fascinating pastime with  
Albert Edward Wiggam, S. S.  
Author of  
"THE MARKS OF A CLEAR MIND"

"The keenest anguish known to human nature is the pain of a new idea," (Bagehot). We hope this column brings you pain.

### Answer to Question No. 1

1 Not unless he asks for it. Voluntary comment on a man's clothes by a woman is a risky business, according to John Beekman, author. He says a woman can risk saying, "You're looking very well tonight" but to tell him his necktie is too loud—as it usually is—or he'd look better in his dark suit—well—it has broken many a promising love affair—even engagement.

### Answer to Question No. 2

2 Brittleness of bones has been recognized as an inherited trait in families for a hundred years. In such families babies' bones are

often broken during birth—even before birth. C. B. Davenport, biologist, collected numerous cases and thought possibly the tendency was a "dominant" like brown eyes or curly hair—never skipping a generation. Maybe so, but such persons hardly dare take any chances—the slightest slip will break a leg or arm. Trait Scouts will find it fascinating to look up all cases of broken limbs in the community and see if the trait runs in families.

### Answer to Question No. 3

3 It is likely to be pretty true. Henry Foster Adams had his students rate each other on ten different traits such as dependability, general personality, egotism, co-operativeness, etc. He had over 50,000 ratings and found that the picture they brought out of each person was so accurate that other students who had not taken part in the ratings could say "That's Jack" or "Kathleen" or "Robert" so and so. These ratings also agreed remarkably with the self-ratings the students made of themselves. Prof. Adams concluded "a man's fellow workers know him pretty well for what he is."

Washington—Sometimes it is quietest just before the storm, and this may be the situation in Europe today.

Diplomats always have figured that if they could get by the first two weeks in August they would be fairly safe as far as war is concerned for another year.

But now it begins to look as if the Nazis might not let the August deadline pass. All the confidential reports received here indicate that they are preparing for a real showdown.

Here are some of the secret developments:  
Austrian and German businessmen have been unable to get freight cars in the area around the Czech border. All cars have been taken over by the military because of the heavy shipment of supplies.

Underground airdromes are being built at terrific speed along the Czech border, especially on the Austrian side closest to Prague.

German motorized transport, including heavy artillery, tanks, and anti-aircraft batteries, has been concentrated in Austria near the Czech border.

The Nazi Secret Council is reported to have picked the date of August 13 for the push into Czechoslovakia.

Whether or not this latter report is accurate, obviously cannot be confirmed. But this much is definite: News of the date is believed by the British Foreign Office, and is one reason for Lord Runciman's visit to Prague and the sudden British desire to put the quietus on Czechoslovakia.

British diplomacy today, works on the theory of surrender anything that belongs to somebody else—but don't risk a fight.

### Nazi Showdown

All this Nazi victory may not mean war. But it does mean that Hitler is determined to get what he wants in Czechoslovakia. He would much rather get it without war, in fact he might run in the other direction if he knew in advance that war was certain.

But he has seen the British yield so many times, that he is gambling on their yielding again. Probably that is one reason why he has let the British know about his troops along the Czech border.

Another important factor which disturbs the British is the real topic of conversation between Lord Halifax and Captain Weidemann, Hitler's aide, just before King George and Queen Elizabeth went to Paris.

News reports didn't get it at the time, but what Weidemann proposed was that Germany give up completely her idea of colonies and receive in turn a free hand to "colon-

ize" Central Europe—Czechoslovakia, Rumania, Yugoslavia, Hungary and the Ukraine. Hitler didn't propose to conquer these countries Weidemann said, merely bring them under the Nazi sphere of influence.

Lord Halifax made no commitments. But the Weidemann message was discussed very seriously in Paris.

All of these developments mean that you may want to hold your hat before the next two weeks have passed in Europe.

Note.—Japanese belligerency against Russia may be an important tip regarding war or probability. Pressed as she is by her war with China, Japan would not risk a major conflagration with Russia unless she had some word from Germany, her ally, that the Soviet might soon be kept busy on another front.

### No Gift Shop

RFC Chairman Jesse Jones never tires of boasting about how much his agency is doing to help business men. Only a few days ago he took bankers to task severely for not being more open-handed with business loans.

Shortly after this lecture an attorney presented a loan application of a Pennsylvania concern to one of Jesse's assistants. This mastermind looked over the document perfunctorily, then tossed it back with the sarcastic remark: "Say, what do you people think we are running here, a gift shop?"

### Mutual Admirers

One of the bitterest confirmation battles in the history of the Senate was the fight over President Hoover's appointment of Judge John J. Parker to the Supreme Court. The able North Carolinian was turned down by a narrow margin and a week later Justice Owen

J. Roberts got the prize without a contest.

Last week at the American Bar Association convention, Parker and Roberts had several very cordial chats. Both voiced the highest admiration for the other.

"You know," Roberts told a friend, "I have always thought that the grounds on which Judge Parker was attacked during the debate on his appointment were extremely unfair. I believe he would have made an excellent addition to the Supreme Court."

Parker not only lauded Roberts but also praised Justice Stanley Reed. Parker was prominently mentioned for the vacancy to which Reed was named last spring.

Introducing him at a round-table on judicial administration Judge Parker said, "Justice Reed is the sort of a man whom we lawyers would appoint to the Supreme Court."

Note.—Names most frequently mentioned at the American Bar convention as successors to Justice Cardozo were Professor Felix Frankfurter, Senator Robert F. Wagner and Judge Joseph C. Hutcheson of the Fifth Circuit Court of Appeals at Houston, Texas.

Her name was not mentioned by the male lawyers, but it would pay to keep an eye on Judge Florence Allen of Ohio.

## Brain Twizzlers

By  
PROF. J. D. FLINT

Here's that automobile dealer again! He's a hard guy to get rid of and he seems to have a lot of problems trying to figure out where he stands after he has completed transactions.

On this particular transaction he had difficulty because he waited until the whole thing was completed before he started to figure. He had bought it back for ninety dollars. He sold it for ninety dollars. Some time later he bought it back for eighty dollars. In a short time he sold it again for one

hundred dollars. What, if any was his profit on the car?

## INDIANS OBJECT TO

### PHONEY INDIANS

Milwaukee, Wis. — (AP)—After the appearance of white men dressed as Indians in Milwaukee's Midsummer Festival Harold Wilde, representing the festival, received a protest from Francis Coleman, Chipewa Indian Recorder for the Consolidated Tribes of North American Indians, in this city.

"Ugh," Coleman wrote. "Milwaukeeans get disgusted when we witness the sorry spectacle of white men trying to imitate us in our ceremonial dances. It can't be done and the sooner that is realized the better it will be for future pageants."

Wilde replied that the pageant commission would consider using real Indians instead of palefaces in the future.

## Wadsworths Entertain for New York Guests

Golf preceded an evening of dancing, table tennis, and other informal entertainment, crowded into the last day of the Stuart Clizbes' stay in Dixon as guests of Mr. and Mrs. Elwin Wadsworth, before leaving this morning for Pittsburgh, Pa., en route to their home in Albany, N. Y.

In Pittsburgh, Mr. and Mrs. Clizbe will spend a few days with Mr. and Mrs. D. N. Singer, whom the Clizbes and the Wadsworths knew when all three couples resided in Albany.

Among those in the Wadsworth party last evening were Mr. and Mrs. Eugene Barrowman, Mr. and Mrs. Walter McKean, Mr. and Mrs. Floyd Smith, Mr. and Mrs. Carl Plowman, Miss Helen Krug, Lyle Myers, Fred Huebner, Mr. and Mrs. Clizbe, and Mr. and Mrs. Wadsworth.

## I. N. U. Girls Give Informal Party for Miss Evelyn Kreim

Miss Evelyn L. Kreim, who will become the bride of Clarence Vroegindewey of Hammond, Ind. later in the season, was complimented last evening by girls of the Illinois Northern Utilities offices, co-workers of the honoree.

Nearly 40 reservations were made for an informal dinner party at a local tea room, and while still at the tables, the group presented Miss Kreim with an electrical appliance for her new home.

## Flach-Hey Rites Set for September

Mr. and Mrs. Phillip S. Flach of Amboy announce the engagement of their daughter, Philippa, to Dean E. Hey, son of Mr. and Mrs. Henry Hey of 604 South Peoria avenue, Dixon. The wedding will take place in late September.

## Women Golfers of Oregon Entertain at Guest Tourney

It has been said that an enthusiastic golfer never says die, and the theory gained substantial support yesterday when women golfers from Dixon and Mt. Morris met at Oregon for an invitational tournament at the Rock River Country club, in spite of a torrid temperature of 94 degrees. The visitors and their hostesses teed off at 9:30, playing for low gross prizes.

Miss Marian Davies won first low gross for Dixon and Mrs. Nunn won honors for the Mt. Morris group. Miss Davies was also fortunate in low putts, though according to the day's rules, no one player was eligible for more than one prize. Miss Helen Carson and Mrs. Floyd Chapman tied for second honors in this event, and in a cut, Miss Carson received the prize. Mrs. Kable won low putts for Mt. Morris, and Mrs. Horace Elyre made the fewest strokes among the Oregon players.

Returning to the clubhouse after the morning's match, the guests enjoyed a luncheon arranged by the hostess club. Bridge tables were available for those who cared to remain for cards.

Attending from the local club were Mrs. Floyd Chapman, Miss Elsie Neff, Miss Mary Kathryn Rorer, Mrs. George Beier, Miss Cathryn Buchner, Mrs. Robert Brewster, Mrs. C. A. Buchner, Mrs. Harold Coss, Miss Marian Davis, Miss Helen Carson, Mrs. Eugene Barrowman and Mrs. Rowley.

On Monday afternoon, two-ball mixed foursomes will be made up on the local links. The bridge-dinner scheduled for that date has been cancelled.

Next Wednesday, women of the Dixon club will probably begin in earnest on their play for the president's trophy. A bulletin concerning rules governing the awarding of the coveted prize will be posted in the clubhouse this week.

Progress of the contestants as they progress during the month will also be announced from time to time.

## Rochelle Couple is to Wed on Sept. 4

Announcement of the approaching marriage of Miss Lola Mae Hamaker and Warren W. Whitson, both of Rochelle, was made Tuesday evening at a party given by the bride-elect's mother, Mrs. S. M. Hamaker. Boxes containing wedding rings were presented to the guests, and Miss Louise Haselton received the box containing announcement of the wedding date, Sunday, Sept. 4.

The Hamaker-Whitson nuptials will be solemnized at the Rochelle Presbyterian church. Mr. Whitson is a son of Mr. and Mrs. J. W. Whitson.

Tables were set up for bridge after news of the approaching wedding was revealed, and prizes went to Mrs. A. C. Sutton, Mrs. Norval Tilton, and Mrs. John W. Tilton.

## Arrivals and Departures of Vacation Folk Continue to Make Things Lively

What would the society column be if our population ever should remain static for very long? As it is, the continuous comings and goings of vacation folk continue to make things interesting as the first week of August draws to a close.

Eight days of travel by boat and rail are ahead of Mr. and Mrs. Lloyd Miller and Mrs. Miller's mother, Mrs. Max Eichler, who plan to leave early Monday morning for the north and east. In Chicago, they will be joined by the Millers' son, Robert, who is leaving tomorrow for Oak Park for a week and stay with Walter Oakley, his roommate at Purdue. From Chicago, the Dixons' itinerary lies by way of Quebec, Montreal, Niagara Falls, and many other interesting points.

W. L. Barker and Donald Danaher arrived this afternoon from Milwaukee, Wis., and will be returning tomorrow, accompanied by Mr. Barker's daughter, Jeanne, who has been the guest of Miss Norma Crawford, and Miss Jeanne Hart, who will be entertained at the Barker home next week. Mr. Barker is in the U. S. Army service, and has just completed a six weeks' tour of the lake states.

On Sept. 10, Miss Barker will return here to accompany Miss Crawford and Miss Hart to Columbia, Mo., where the trio will be registering at Stephens Women's college.

Two other friends, who have happy memories of days spent at Stephens the past two years, are anticipating a delightful visit here when Miss Emma Bower of McComb, Miss. arrives Saturday evening to spend a week or 10 days as the guest of Miss Leone Kreim.

## Rock Island Girl to Become Bride of John McCann on Aug. 20

Mrs. H. C. Schaffer, 1543 14th street, Rock Island, has announced the engagement of her daughter, Miss Helen Margaret Schaffer, to John G. McCann, son of the late Mr. and Mrs. J. A. McCann of Amboy. The couple will pledge their marriage vows on Saturday morning, Aug. 20, at the rectory of St. Joseph's church in Rock Island.

Miss Schaffer was graduated from Villa de Chantal. Her fiancé is a graduate of Englewood high school and Walton School of Commerce in Chicago. He is in the purchasing department of the United States Engineers office at Rock Island.

## PRAIRIEVILLE SOCIAL CIRCLE

A scramble luncheon, followed by a short musical program and a business meeting were planned for yesterday's meeting of the Prairieville Social circle at the home of Mrs. Wilbur Meyers. Mrs. Meyers' guests included eight members and a visitor, Mrs. Sowers of Sterling.

Mrs. Theodore Behrends was in charge of the business meeting, which was opened with a song, with Miss Marian Meyers, daughter of the hostess, at the piano. Later, Miss Meyers entertained with vocal and instrumental solos, and Miss Miriam Harris played a piano solo.

Arrangements were not completed for the Sept. 14 meeting, which may be held at the church.

## MISCELLANEOUS SHOWER

Guests were invited to the Henry S. Joiner home at 512 Mason street, Polo, Wednesday evening, honoring Mr. and Mrs. Robert O'Kane, who were married July 9. Opening of the gift packages was followed by a buffet lunch with the bridegroom's mother, Mrs. Irma Joiner O'Kane presiding at the attractively arranged table.

Out of town guests were Mr. and Mrs. H. J. Hutton of Sterling, the bridegroom's brother-in-law and sister.

## WILL ATTEND WOODRIDGE PARTY

A day of golfing, followed by a dinner-dance in the evening, is in prospect for a party of guests including Mr. and Mrs. H. M. Behan of Dixon, who will be spending Saturday at the Woodridge Country club near Chicago. Mr. and Mrs. Robert N. Fulton of Chicago are arranging the get-together.

## Presidential War Ship is Hospital

Aboard U. S. S. Houston, en route to Balboa, Canal Zone, Aug. 4—(AP)—Via Naval Radio—President Roosevelt switched from fisherman to Good Samaritan today as he sped toward Panama and the end of his vacation cruise in the Pacific.

The helper role was thrust upon him late yesterday when Machinist's Mate Oliver W. Halliwell of Wadena, Minn., was stricken with acute appendicitis aboard the accompanying destroyer McDougal. Roosevelt ordered Halliwell transferred to the Houston and Captain Ross T. McIntire, White House physician, assisted Commander G. A. Allen, medical officer of the Houston, in a successful operation.

## Leisurely Lakes-to-Gulf Jaunt is Resumed at Peoria

Peoria, Ill., Aug. 4—(AP)—Mr. and Mrs. Andrew W. Anderson prepared to leave Peoria today on their Lakes-to-the-Gulf waterway trip to New Orleans in a small houseboat.

The Oakland, Calif., couple arrived yesterday after a 14-day trip from Chicago. Anderson said the 160-mile trip in the craft, which has as its only motive power two large sweep oars, was made without incident.

Anderson said the voyage to New Orleans would be "leisurely", and he did not expect to arrive in the southern city until late in the fall.

**BRANDY REALLY AGED.**  
Corpus Christi, Tex.—(AP)—A pint size flask of Napoleon brandy, dated 1802, was taken from a cache on the roof of an old building being torn down here. It was concealed in a crevice near a hole on the roof that apparently had been a lookout. Historians say the building was once Gen. Zachary Taylor's armory.

**AGED GANDER IS FRISKY.**  
Asheville, N. C.—(AP)—J. E. Chessborough has a gander on his farm that is 40 years old, is still frisky as a kitten and picks frequent fights with the chickens and other geese.

The venerable gander's sire lived to be 50 years old, Chessborough says, and his mother lived to be 42 or 43.

**G. O. P. MEETING**  
Chicago—(AP)—The pre-convention platform committee of the Illinois Republican state convention will meet next Wednesday in Peoria (Hotel Jefferson). Edward A. Haver of Decatur, committee chairman, said appointment would be made of special sub-committees and department to draft advisory plans for submission to the resolutions committee at the state convention August 31.

## Heiress Has a Topping Time

Smart set gossips say that Society's No. 1 Glamour Girl, lovely and wealthy Gloria Baker, and Henry J. (Bob) Topping, young tinseltier, will soon trip to the altar. As evidence the rumor-mongers offer the facts that Topping was on the same boat in which Gloria took a world cruise, that they spent a lot of time in Honolulu together. Whether a wedding is in the offing or not, the photo above showing them at luncheon in a New York restaurant, reveals that they enjoy each other's company.

## PEARL WHITE OF EARLY FAME IN MOVIES IS DEAD

Paris, Aug. 4. — (AP)—Pearl White, first heroine of the old American movie serial thrillers who always did her own dare-devil stunts, died today in the American hospital.

She was 49 and had been ill for several weeks of a liver ailment. In the days when the motion picture business was young, movie audiences sat on the edge of their seats thrilling to the "Perils of Pauline," an adventure-packed serial in which the beautiful heroine managed to reach death's door at the end of each chapter, never to die.

"Pauline" was blonde Pearl White, blue-eyed actress catapulted to fame as the first of the dare-devils of the screen. Young America shuddered for a week at the thought of Pauline's perilous predicament, as each installment faded out with the black-bearded villain likely as not cackling with satisfaction, the hero somewhere on the way to the rescue.

He always made the grade at the opening of the next episode, only to let "Pauline" get into deep trouble again. Besides the "Perils of Pauline" there were the "Exploits of Elaine" and a dozen other serials of the same melodramatic cast.

Pearl White grew rich on this. She went to Paris in the early twenties, and afterward saw little of the United States.

At the top of her fame she earned \$10,000 a week, usually playing opposite Warner Oland, who was the villain.

Friends said the funeral probably would be held Saturday, with burial at Passy cemetery, near Miss White's town house.

TENNIS PLAYERS  
GO INTO ACTION  
AT MEET TODAY

Southampton, N. Y., Aug. 4.—

(AP)—After a day's dalliance in

the doubles division the seven fav-

orites and one outsider who com-

prise the singles quarter-final

round of the 48th annual Meadow

Club's invitation grass court

tournament go into action today.

Don McNeill of Oklahoma City

the outsider, is in tough company.

Bobby Riggs, the stalwart Chicago-

gan, heads the seven seeded play-

ers who make up the remainder

of the round.

Riggs, seeded first, tops Joe Hunt-

ranked No. 5 nationally; Bryan

(Bilky) Grant of Atlanta; Frank

Kovacs, the lanky Oakland, Calif.,

boy; Hal Surface of Kansas City,

Mo.; Sidney B. Wood of New York

and Charles Hare of England, the

lone foreigner.

In yesterday's doubles the newly-

formed team of George Toley and

Gardner Mulloy ousted the sec-

ond-seeded Murphy twins, Bill and

Chester, of Chicago.

## Yesterday's Stars

By The Associated Press

Joe Gordon, Yankees—His two-

run homer paced 11th inning win-

ning attack to beat Tigers, 10-7.

Terry Moore, Cardinals—Hit

three singles and drove in two runs

in 3-2 win over Dodgers.

Fritz Ostermuller, Red Sox, and

Ken Keltner, Indians—Ostermuel-

ler pitched hitless ball in 1 1/2 in-

ning relief trick to save 4-3 opener

decision; Keltner hit double and

triple driving in three runs in 8-6

nightcap win.

Ival Goodman, Reds—His homer

drove in three runs in 5-3 victory

over Senators.

Beau Bell, Browns—His two sin-

gles drove in three runs in 5-3 vic-

tory over Senators.

Bob Johnson and Earl Brucker,

Athletics—Johnson hit two homers,

double and two singles, driving in

six runs in 14-2 opener win over

White Sox; Brucker hit four-for-

four, including homer, and batted

in four runs in 13-5 nightcap.

Pep Young and Joe Bowman,

Pirates—Young's double and single

drove in three runs in 9-4 opener

win over Bees; Bowman blanked

Bees in 4 1/2 inning relief trick to

save 5-3 nightcap edge.

Joe Moore, Giants—Hit four-for-

four and scored two runs in 8-3

win over Cubs.

Brownies Yapping  
At Heels of Decatur  
In Three-I League

Chicago, Aug. 4.—(AP)—Spring-

field's Brownies continue to yap

at the heels of the second-place

Decatur Commies in the Three-

Eye league.

The Brownies kept pace with the

Commies last night by beating Mol-

line's defending champions, 8 to 4

while the Commies defeated

Clinton, 6 to 4.

The Commies still hold a two

and a half game edge over the

Brownies, and the two may yet

make it a battle royal for the spot

behind the Evansville Bees.

The Bees kept up their usual

practice of triumphing when their

closest rivals were winning by

beating Waterloo, 7 to 2. The Red

Hawks, guilty of four errors, by

dropping the game also lost a

chance to move into the first divi-

sion ahead of Moline.

Bloomington made its 10 hit

good for but three runs, but beat

Cedar Rapids, 3 to 1.

Doctors Confer on  
Illness of Umpire

Chicago, Aug. 4.—(AP)—Medi-

cal experts conferred today in an

effort to determine the nature

of the malady causing the high

fever suffered by Emmett (Red)

Ormsby, American League um-

pire who has been inactive most

of the season because of illness.

Ormsby's condition was de-

scribed as "fair" at Little Com-

pany of Mary hospital where he

was taken Monday with a high

fever. His physician, Dr. Richard

J. Bennett, Jr., said the cause

of the fever was unknown but

tests were being made to deter-

mine the nature of the disease.

Ormsby, a native Chicagoan who

pitched semi-pro and minor league

ball before joining the American

League as an umpire in 1923, of-

ficiated at the first three games

of the season here, but retired

from active duty because of illness.

Former Caddies Do  
Battle for Honors  
As Southpaw Golfers

Rye, N. Y., Aug. 4.—(AP)—Two

former caddies, Alvin Everett of

Rome, Ga., and Alex J. Antonio,

Linden, N. J., fight it out today

for the left-handed golf champi-

onship of the United States and

the rough, tough Westchester

country club course.

Everett, runner-up last year at

Chicago where he bested Antonio

in the semi-finals, is the favorite.

The \$1,000 Datke cup goes to

today's winner.

Former Flyweight  
Title Holder On  
Way to Recover It

New York, Aug. 4.—(AP)—Small

Montana, the Filipino who once

held the world's flyweight title, is

well on the way to recovering the

crown.

Weighing 111, Montana easily

outpointed Katsumi Morioka, the

Japanese from Vancouver, British

Columbia, at Queensboro arena last

night. Morioka weighed 109 1/2.

Palestine has a population of about one million persons.

## Jury Convicts La-Salle Man of Having Spurious Notes

Chicago, Aug. 4.—(AP)—Sam Causa, 36, of LaSalle, Ill., was convicted by a federal court jury in a sealed verdict today of passing and possessing counterfeit notes.

Judge J. Leroy Adair deferred sentence until later in the day because of the absence from the courtroom of an attorney in the case.

Walter Thompson of Sheridan, Ill., a co-defendant, has pleaded guilty; Joseph Diamond, a third defendant, pleaded innocent.

Bradley Eben, Assistant United States Attorney, said Causa, Thompson and Russell Legro of Sandwich, Ill., were named defendants in another case charging they bought, possessed and received counterfeit notes.

Thompson, testifying as a government witness, claimed Causa bought spurious \$10 notes in Chicago for \$2 each. He said the purchase was made from two unidentified men last September.

Causa claimed the package he received from the men was quick ferment for liquor making, and not spurious money.

## VOLKSAUTOMAY REVIVE GERMAN AUTO INDUSTRY

By DEWITT MacKENZIE  
Associated Press Foreign Affairs Writer.

New York, Aug. 4.—Herr Hitler's new gas-buggy—the Volkauto, or people's car, which he proposes to put into every German home alongside the china dog and family album—may very well revolutionize the European automotive industry if the machine proves up to expectations.

What Der Fuehrer promises is a sort of magic carpet in the form of a car which will do 100 miles on three gallons of gas at a speed of 62 miles an hour. All this for \$230.

Success of any government depends on the contentment of its people, and the idea of putting a family automobile in the hands of

every workman is the product of a nimble brain.

The Nazi government has advertised that it is going to out-Ford Detroit, by dumping a million and a half of these cars on the market each year, as soon as the factories are completed, in about 1946.

To understand what the German plan means, one has to know that automobiles are regarded as unattainable luxuries by the big majority of European peoples. This is partly due to the cost of the better cars, but largely to the terrific price of gas, oil, tires and other accessories.

Under the Nazi volksauto program a prospective owner can buy his car in advance with payments of about \$1.16 a week. The amazing part of this is that people are rushing in droves to turn their cash over to the government for cars which they may not get for maybe three years.

If this continues, it assures the government of a huge annual income which will finance the building of plants for manufacturing the car.

Albania had 39 kilometers of railway up to 1930.

## LAND—POOR LAND OF DIXIE THEME OF ECONOMISTS

South Sometimes Called Most "American" Part of United States

Washington, D. C. — Following President Roosevelt's assertion that the south is the nation's "number one economic problem," economists are now turning toward the land of cotton, already the happy hunting ground of song writers, dramatists, and raconteurs of dialect jokes. What will statisticians discover in the deep south's realm of roses and magnolias, the native heat of fried chicken and watermelon, the stronghold of yesterday's courtly traditions and today's sociological problems?

**Half of U. S. Farms**  
"The south comprises just over 28 per cent of the area of the United States and just under 28 per cent of its population," says a bulletin from the Washington, D. C., headquarters of the National Geographic Society. "It is ruled by the same sultry sun that cooks north Africa in the latitudes of Morocco, Algeria and Tunisia. The heat that saps man's energy excites the earth to high fertility. With little more than one-fourth of the country's land, the south produces 93 per cent of the nation's cotton, 90 per cent of the tobacco, 99 per cent of the peanuts, 80 per cent of the rice, 95.7 per cent of the grapefruit, and 100 per cent of the sugar cane."

"This North American empire of the sun claims the allegiance of the block of states roughly corresponding to the Confederacy. Much the same problems of produce and people prevail through the five states south of the Potomac on the Atlantic coast; the four states on the east side of the Mississippi and south of the Ohio; and the four states west of the Mississippi and tied to it through the Arkansas and Red river valleys."

"These thirteen states are alike in having a larger proportion of country folk and of Negroes in their population than the rest of the nation. For the United States as a whole, 56 per cent of the people live in towns and cities; in the south, only about 33 per cent are city dwellers, with the other two-thirds of the inhabitants still down on the farm."

"The southern accent on agriculture gives half the farms of the nation to the thirteen states of Dixie. Perish the thought, however, of white-pillared mansions among the magnolias surrounded by endless acres of plantation, divided into green miles of tobacco and white miles of cotton fluff as whipped cream; such estates are gone with the Confederacy. The average southern farm today is 106 acres. Farmers in the rest of the United States have almost twice as much land (averaging 205 acres each)."

**Oil, Zinc, Sulphur, Aluminum**  
"A crescent swath of the sun-bathed south forms one of the most thoroughly single-crop areas in agriculture—the Cotton Belt. Here about three per cent of the world's soil produces an estimated 60 per cent of the world's cotton. Half the farms of the south are dedicated to cotton; and where cotton is king not even trees are allowed to challenge his supremacy right up to the very farmhouse door. As a result, occupants of the typical cabin in the cotton frequently have to buy vegetables, fruit, milk, and eggs or develop pellagra for the lack of them. The dominance of cotton and other factors, however, result in low cash incomes in the south; even 1929 brought the average southerner in all walks of life only \$383 approximately in the whole year. Farmers' annual income was much lower than the average with the minimum in South Carolina, \$129. Inhabitants of New York and Delaware had an average income of about \$1,300 each during the same period. With so much of the nation's earthly wealth, the south nevertheless harvests annually only about 16 per cent of the dollars (or 28 per cent of the people). The south's per capita wealth is less than 60 per cent of the average for the United States."

"Southerners can cultivate a wealth of traditions to compensate for a sectional lack of cash in hand. The area has a rich variety of cultures, including the gracious colonial dignity of Virginia, the courtly refinement of Charleston and Atlanta, Florida's heritage of conquistador legends, the French and Spanish glamor of New Orleans, the Lone Star individualism of Texas, the Elizabethan quaintness of Appalachian mountaineers, the Kentucky lore of colonels and cardinals and blue grass race courses, the boomers' of Oklahoma's frontier rush, the moss-hung bayou languor of Mississippi and Louisiana. The bluest jazz music, the most haunting Negro spirituals, the most rollicking hill billy ditties are southern born and bred. The same section produced the hooded threat of the Ku Klux Klan and the Declaration of Independence, twelve presidents of the United States and the only presidents (Confederate and Texan) outside United States authority."

"The south is sometimes called the most 'American' section of the nation because it has the highest proportion of native population, largely of English ancestry along the coast and infused with Scottish

## YELLOW RIVER FLOOD THREAT TO JAP FORCE

Shanghai, Aug. 4.—(AP)—Yangtze river floods threatened today to block the Japanese advance up stream toward Hankow, the provisional capital.

Broken dikes 30 miles above Kiukiang were said by Chinese to have caused inundation of large areas on the Yangtze's north bank and five towns the Japanese occupied this week after bitter fighting.

Chinese military sources believed the floods sufficient to force the Japanese to realign their offensive by making a wide sweep through Anhui province and striking at Hankow from the north or northeast, instead of from the south or southeast. That would make them march through an extremely difficult mountainous region.

Early in June the Japanese were blocked by Yellow river floods just as they seemed ready to capture Chengchow, important railway junction 300 miles north of Hankow and, like Kiukiang, a "key" to Hankow.

The Yellow river floods continued spreading today, leaving a vast area still under water and disrupting communications throughout the zone served by the Langhai and Peiping-Hankow railroads, which cross at Chengchow.

Japanese troops were still stuck in the mud in that district.

Meanwhile, the newly-organized Chinese fourth route armies increased their activities in the Shanghai area, launching attacks against Japanese communication lines and areas throughout the district and dynamiting four bridges of the Hangchow-Shanghai railway.

### HOSPITAL INVADDED

Hangchow, China, Aug. 4.—(AP)—Japanese troops posted machine-gun guards around the British-operated Church Missionary Society hospital today and removed 103 wounded Chinese soldiers, under treatment since Japanese occupation of the city on Christmas eve.

The hospital reported to the British embassy, charging non-recognition of the British flag and a violation of a written agreement providing that approximately 200 wounded should remain in the hospital for the duration of the war.

The Japanese marched into the hospital and tried for six hours to induce Dr. Stephen D. Sturton, superintendent, to give them written permission to remove the soldiers. Failing in this, the 103 soldiers who were presumed to have recovered from their wounds were taken by trucks to an unspecified destination.

Eighty wounded, most of them either without arms or without legs, remained in the hospital.

## To Protect Valley Dwellers Below Huge Fort Peck Project

This mile-long spillway is a \$14,000,000 insurance policy for the people who live down the Missouri river from the new dam at Fort Peck, Mont. It must carry the excess water in time of great flood and keep the river from tearing out the vast earth-filled structure. Six miles from the dam proper, the spillway skirts a part of the shore of the lake that will be formed and empties into the river at a point where it curves back below the dam. The spillway has a huge concrete dam of its own, with control gates leading to a deep concrete-lined chute. The whole project is costing around 75 million dollars and when completed will control the flow of water in the Missouri so that navigation will be possible between Kansas City and Sioux City, Ia.

## Manteno Hospital Youngest, Biggest

Springfield, Ill., Aug. 4.—(AP)—A. L. Bowen, director of public welfare, announced today the state hospital at Manteno, newest of the state institutions for mental patients, became the largest on July 27 when its population increased to 4,825.

Pointing out that the Manteno hospital is only seven years old, Bowen said:

"Its immense population is one of the evidences of the growth of nervous and mental diseases in Illinois."

Other state hospitals in the Chicago metropolitan area are: Elgin, 4,600 patients; Kankakee, 3,800; and Dunning, Chicago, 4,500.

Most of the insects chosen by nature as fertilizing agents for flowers are covered with hair, to which pollen clings readily.

## PLAN ELECTIONS ON CORN QUOTAS SEPTEMBER 3rd

AAA Officials Estimate Crop Surpluses Will Necessitate Poll

Washington, Aug. 4.—(AP)—Federal farm officials made tentative arrangements today for a referendum in the corn belt about Sept. 3 on a proposal to invoke marketing quotas.

Private forecasts of a corn crop in excess of 2,500,000,000 bushels indicated, officials said, that an election would be necessary to determine whether growers want to use quotas to keep surplus corn off the market.

The new farm act directs that a referendum be held when the indicated supply is 17.7 percent or more above normal domestic and export needs.

The surplus from last year's crop has been forecast at between 350,000,000 and 400,000,000 bushels. With a new crop of 2,500,000,000 bushels, the supply would be large enough to make a referendum mandatory.

Final decision on an election must be made by August 15 on the basis of a forecast on this year's crop next Wednesday by the federal crop reporting board.

### Needs Two-Thirds Vote.

The election would be held in Illinois and Iowa and in the major corn-producing counties of Missouri, Kansas, Nebraska, South Dakota, Indiana, Ohio, Michigan, Wisconsin, Minnesota and Kentucky. If two-thirds of the growers voting approve the quotas, farmers would have to store part of their crop until supplies were smaller.

Officials of the Agricultural Adjustment Administration expressed confidence growers would approve marketing restrictions, because without them there can be no corn loans.

They said prospects were for a corn loan of about 50 cents a bushel, or nine cents more than the 1937 rate. Such a loan rate they added, would virtually assure growers 59-cent a bushel corn prices.

Under a similar program, the government will begin making loans on wheat next week. Wheat loans will range from 50 to 81 cents a bushel, varying with quality and distance from market. The average will be 59 cents.

## Ex-Representative Wm. Moxley Dead

Chicago, Aug. 4.—(AP)—Word was received here that Col. William J. Moxley, former U. S. Representative from Illinois and a retired manufacturer, died today at the summer home of his son, George T. Moxley, of Chicago, at Delavan, Wis.

Moxley was appointed to serve the last year of the unexpected term of Rep. William Lorimer, who was elected to the Senate in 1909. Moxley retired from active politics some 10 years ago. The title of Colonel was bestowed upon him by former Governor Richard Yates when he served on the governor's executive staff from 1900 to 1904.

Surviving besides George T. Moxley are another son, William, Jr., of Manteno, Ill., and a daughter, Mrs. Mary Dade of Chicago.

Funeral services will be held Saturday morning at Our Lady of Grace church on the northwest side.

LEAGUE TEAMS  
SEEM TO HAVE  
DATES TWISTED

Pittsburgh Pirates Are  
Usually Sound Asleep  
By This Time

By SID FEDER

Associated Press Sports Writer.

The calendar must be wrong. If this is August 4, then what are the Pittsburgh Pirates, who are usually sound asleep by this time, doing up there 5½ games in front of the National League pack at this late date, and how come Cleveland's Indians, once so docile and sweet to the leaders, are in there punching, only two games off the Yankees in the American League party?

And those aren't the only cases where either the calendar is way off or some one has his dates twisted. For instance, there are the Cincinnati Reds, doormats of '37, tied with the up-and-down Chicago Cubs for the National League's third place, while the somewhat gasless Cardinals wallow around in seventh and Brooklyn's baffling Dodgers head the second division.

And over in the American League, the supposedly woe-begone Washington Senators hang grimly onto fourth place, while Mickey Cochrane's Tigers can't seem to stay above the 500 mark.

**National League Fuss.**  
Take that National League fuss. Pie Traynor must be feeding his blazin' Bucs a combination of raw meat liberally sprinkled with dynamite. Even though the season is on the way toward the three-quarter mark, the "Zing" Lee Handley and Pep Young are pouring in the infield, plus the work of the younger pitchers, is making the club hotter than the weather.

They added half-a-game to their first place bulge yesterday by knocking off the Bees up in Boston in both ends of a doubleheader, 9-4 and 5-3, which is no easy task in itself, and the fact they fired 28 hits in turning the trick makes it one of the season's wonders.

From the looks of things, the Giants, 5½ games back—seven on the losing side—aren't going to do much catching up, even though they showed signs of coming to life in wallpopping the Cubs 8-3 yesterday with an attack featured by four homers. The way things shape up now, if the Pirates can maintain their edge through the middle of this month, they have a very good chance of breezing in with the flag.

**Tribe Splits Twin Bill.**  
The Yankees, who were supposed to have somewhat of a push-over in the American League, can't seem to put any appreciable space between themselves and the Indians. Yesterday they added a slim half game to their edge by downing the Tigers, 10-7 in ten innings, with Joe Gordon's overtime homer featuring the winning rally. The Tribe after dropping a 4-3 decision to Boston's Red Sox, in a twin bill opener, came back to take the nightcap 8-6.

Ival Goodman's 27th homer paced a three run rally in the tenth to give the Reds a 6-3 decision over the Phillies, moving the Cincinnati clouters into a third-place deadlock. The Cardinals nipped the Dodgers, 3-2, in a ten inning night fuss.

## FANFARE

By DON DANIELSON

## TO ROCHELLE

The Black Farms team will play the strong Del Monte team at Rochelle Friday night. This becomes a contest between the corn planters and the corn canners. As ye sow so shall ye reap—or sum-pin'.

## EVENT OF THE SEASON

D. Nicklaus went down in the third inning as the first away team in the Kellers-Knacks game on a swell peg from short field to first base. That's a mighty heave in anybody's yard—and is reported to be the first one this year at the Airport. H. Fordham made the throw.

## MEETING TONIGHT

Aspirants for the city's doubles tennis crown who are to begin play on Sunday are reminded that a meeting will be held at the Telegraph office tonight at 7 for pairings and other arrangements. Plans for the play off of the Dixon Tennis Ladder will also be discussed.

## TEMPERIMENTAL BULB

The light bulb in deep right field twinkled like a far-away star last night. For awhile it came forth in all its brilliance and would pass out at the most unexpected times. Maybe it took the cue from its dead brother on the same post. Something should be done about this light failure.

## AT STERLING

The Knacks Phillies lost a seven inning event to the Sterling Red Devils Tuesday night at Sterling by a count of 3 to 1. Tucker and Worrell did the pitching and receiving. The Phillies got 5 hits while the Red Devils connected for six. Two errors were black-marked against the local outfit.

## KNACKS VS. KNACKS

Among the talk that's running loose around the Airport ball park is a little chatter about a game of softball featuring the Knacks softball outfit vs. the Knacks hardball club. That ought to be a real killer-diller and a big attraction. Maybe this will be flushed up a week from Sunday night.

## GAMES SUNDAY NIGHT

The girls will have their innings at the Airport diamond on Sunday night when the Dixon girls play the Nelson team in the opening game of a twin bill which starts at 7:30. The nightcap contest will find the Black Farms playing Fulfs. These two teams meet in regular league competition on August 2.

## GAMES TOMORROW

The I. N. U. company and the Dixon Fruit company softball teams will play an exhibition game for the opener at the Airport diamond tomorrow night. This is not included in the league schedule and will not be recorded as such. In the night cap affair the Medusa ten will face the strong California Market outfit.

## YESTERDAY'S STARS

Add to the Dixon edition of Yesterday's Stars: Saunders of the Plovman team who made a swell running catch in centerfield to down a hard hit ball by Wind-miller in the nightcap game with the Telegraph; H. Smythe, playing for Kellers, who came to bat four times, made four runs, three hits and no errors as he played centerfield in the opening game with the Knacks.

## UNSUING HERO

H. Fordham playing shortfield for the Knacks last night against Kellers really came up for some tough pinches. In the first inning he drove in two runs with a single to left field and repeated the performance in the sixth when his double drove in Conkrite and Kelly. In the last inning with the winning run on third he came to bat with one down and went down by the strike out route. That's asking an awful lot of any fellow to come through all the time. For his work in the other two innings he gets the golden arrow in today's local edition of "Yesterday's Stars."

All Roads Will Lead To  
Dixon Sunday When Fans  
Attend 'Game of the Year'

Dixon Team Awaits  
With Muskets For  
West Brooklyn

THREE STRONG  
BIG TEN TEAMS  
TO FACE ILLINI

All roads will lead to Dixon on Sunday where the league-leading West Brooklyn team tangles with the third-place Dixon Knacks at 2:30 at Reynolds field.

Baseball fans from Lee, Lee Center, Steward, Compton, Ashton, Franklin Grove, Mt. Morris, Scaraboro, Amboy, Sublette, Paw Paw, Shabbona and—last but not least—West Brooklyn are planning to attend this game which, according to Bert Cummings, should be the game of the year.

The Knacks have been waiting ever since they took their tramping at West Brooklyn for the villagers to come to the home grounds. Cummings welcomes them wholeheartedly and winked this morning as he said, "We hope we can treat them the same as they did us while we were there."

## "Knows Way Around"

"George Webber, the popular manager of the West Brooklyn team," Cummings continued, "knows his way around in this old game of baseball. If memory serves me right, I think Webber started out in the great national pastime of ours about the same time that Doubleday invented this great game. Webber has been in the game for 25 years and has managed teams at Compton, Lee, Scaraboro and his present West Brooklyn team. George always had a good ball team and this present one is one of the best and is shown by the standing in the Illinois State League."

West Brooklyn has lost only one game this year and that was to Walton, 1 to 0 on Walton's home grounds. Two of West Brooklyn's players, William Grove and Apple made very good showings at the St. Louis Cardinals' training camp in Rockford a couple of weeks ago. They will be in action against the Knacks at Reynolds field Sunday.

A loud speaker system will be set up for the large crowd so that they will know what is going on and who the players are. Sheriff Ward Miller and Paul Potts will handle the announcing end of the game. The umpires will be Fred Tieman of Dixon who has shown the fans that he knows all about the game and has become a very popular man behind the plate. The other umpire will be Michels of Lee who also knows the game and the rule book from cover to cover.

Tonight the Knacks will play a seven inning game with Smokey Joe Miller's Wildcats starting at 5:30. Joe's team trimmed the Knacks two weeks ago and tonight's affair should be a big drawing card.

**Balk Saves Record Of Chicago Mills**  
Elgin, Ill., Aug. 4.—(AP)—The Chicago Mills record in the Illinois semi-pro baseball tournament remained unmarked by defeat today and they had a balk to thank for it.

The Mills beat the Mounds, Ill., Blues last night, 5 to 4, scoring their winning run in the fourth inning when McAllister, rounding pitcher, balked with a man on third base.

Aurora was eliminated last night by Chicago Cragins. With Morvay pitching two-hit ball, the Cragins won easily, 9 to 1.

Tonight the Chicago Industrial all-stars were scheduled to meet Joliet and Mounds was to face the Elgin Stars. Each of the latter two teams has won two games and lost one.

Three games with strong Big Ten teams and two others with highly capable non-conference opponents comprise the University of Illinois home football schedule this fall.

Indiana, Northwestern, and Ohio State, all considered excellent prospects to win or share the conference title, will invade Memorial stadium, preceded by Ohio university of Athens and De Paul of Chicago.

The Hoosiers, scheduled for Oct. 8, are the first conference foe. Added reserve strength from a crew of sophomores expected to displace some veterans indicates an even better squad than last fall's which bumped Ohio State out of a share in the title after a 13 to 6 victory over the Illini.

Alvin N. "Bo" McMillin, who has built Indiana into a contending eleven in four years, will make his first appearance here, returning Bob Zuppke's initial visit to Bloomington last season.

The color and pageantry of Homecoming is the setting for the Northwestern Oct. 22. A seasoned pack of Wildcats—20 lettermen with versatile sophomore replacements—will seek redress for the 6 to 0 upset by which the Illini tumbled them from the Big Ten lead at Evanston last year.

Ohio State, which couples a perplexing variety of plays with tremendous power, will furnish the opposition Nov. 12. Dad's Day. Rated potentially as one of the nation's greatest teams this season, the Buckeyes have a squad of 15 lettermen and a group of 20 leviathan sophomores said to be the tallest and heaviest first year squad in Big Ten annals. Last year the Buckeyes surged over five Big Ten opponents to rank second.

Traditional at Dad's Day is a performance of the complete roster of University bands—320 strong—marching, singing, and playing and probably comprising the largest band array ever shown.

Ohio university of Athens, coached by Don Peden, former Illini halfback, opens here Sept. 24. Boy Scouts and high school students will be guests. The Bobcats, who rank consistently at or near the top in the tough Buckeye conference, have divided honors in previous games. They won 6 to 0 in 1935, and lost 20 to 6 last year.

DePaul, a redoubtable eleven which held the Orange and Blue to a scoreless tie last year and lost in 1936 by the close score of 9 to 6, is next, Oct. 1, which will be American Legion Day. Coach Ben Conner of the Blue Demons expects his squad will be even better than last year.

For the first time a varsity football team will meet the Irish at Notre Dame Oct. 15. The Illini will play at Michigan Oct. 29 and at Chicago, Nov. 19.

The schedule is as follows:  
Sept. 24—Ohio university (Athens) at Illinois.  
(Boy Scout and high school student day.)

Oct. 1—DePaul university at Illinois.  
(American Legion Day).

Oct. 8—Indiana at Illinois.  
Oct. 15—Illinois at Notre Dame.

Oct. 22—Northwestern at Illinois. (Homecoming.)

Oct. 29—Michigan at Ann Arbor.  
Nov. 5—No game.

Nov. 12—Ohio State at Illinois. (Dad's Day.)

Nov. 19—Chicago at Chicago.

TELEGRAPH TEAM  
GETS HEADLINES  
WITH A VICTORY

Two Swell Ball Games  
Witnessed Last P. M.  
at Airport

Now it can be told: The Telegraph team won a ball game last night! Entries for the snake dance please form to the left and don't push.

Patrons who waited around for the Telegraph to defeat Plovman, 4 to 5, got their money's worth during the opening game when the Kellers ten took the Knacks into camp, 9 to 8, but not without a struggle. The old saying: "A ball game is never over until the last man is out in the last inning," came in for some use last night in the both games. In the first affair the Kellers team was leading 9 to 6 going into the last of the seventh as the Knacks came to bat.

In this inning Wright, as the first man up, took a walk and went to third on a double by Long. Wright scored and Long went to third on a fielder's choice which put Spinden on first. Long scored after Conkrite popped out to left field and the winning run moved to scoring position. Kelly took a walk and robbed second but advanced not a step beyond when Fordham went down at the keystone and Worrell faded on a peg from pitcher to first.

## A Good Game

It was a good name all the way with the score tied at 2 and 2 at the close of the second. Smythe for the Kellers got the first run in the initial chapter on a single to right field by E. Carlson. Wadsworth scored in the second inning after E. Miller popped out to right field. In the third two runs came in when Smythe tagged on a triple to right field by Neuhausen and he scored on a single by E. Carlson. Two runs were collected in the fifth, one on a triple by Smythe which brought in A. Carlson and an error on the pitcher which left the way clear for Smythe. Three runs tagged in the last inning; two because of an error and another on a single by Smythe.

The Knacks took two runs in the first inning on a single by H. Fordham, another one tagged in a single by Spinden and Fordham drove in two more in the sixth.

M. Fordham pitched for the Knacks and allowed 10 hits but walked only one. B. Carlson, elbowing for the Kellers outfit, gave off six hits and walked seven to first sack.

## THIS IS IT

The two doormat teams who have been foot-wipers for the league came to the stage last night to see who was taking the worst beating from the other members and had a little difficulty in deciding. However, the Telegraph today has two wins to its credit on the blue side of the ledger while the eight marks for the grocery boys are all in red.

The news boys, out to win, took their first run in the last of the initial chapter when Rink's double drove in the lead-off man, Nicolosi. Carlson's whiffs left Rink on base. The score was tied at the end of the second after Plovman had taken a run on an error by the third baseman. Both teams took a single chalkmark in the third. The press men got theirs when Prestegard drove in Walker who had taken first on an infield hit. Plovman took one on an error by the second baseman and the tied up game went through the fourth and half of the fifth. In the last half the Telegraph scored two runs driven in by a triple socked by Carlson. Both runners had taken bases on errors, one by shortstop and another by third baseman.

The grocery boys were also out to win and put that idea across by knotting the score again in the seventh when Dumphy and Dempsey both got doubles and scored on Curlee's single to left field. The next three came up and went down. When Nicolosi went down from second to first, Walker advanced to scoring position. Prestegard took first on an error by the first base man and Walker brought in the winning run.

Poster, pitching for the Telegraph, was nabbed for 8 hits and walked one. The Telegraph's support was the best to date. Plovman's pitcher, Newcomer, permitted eight hits and walked none. The grocery boys wriggled out of a tough spot in the fourth inning when the bases were loaded with one away. Carlson was caught trying to score for the second down but Greenfield took first on a fielder's choice and kept the bags full. Walker went down to the shortstop for the last out.

Bits of Gossip of Sports  
Picked Up By  
AP Writer

**BY EDDIE BRIETZ**  
New York, Aug. 4.—(AP)—Broadway operators who made Henry Armstrong a 3-1 choice to trim Lou Ambers have the jitters because of reports such operators as Beverly Brown of St. Louis, Frankie Gatto of Kansas City and Babe Barron of Chicago are gobbling up all the 2½ to 1 dough they can get their hands on. Now that Blondy Ryan is off the jitters he can resume sending those famous "They can't beat us!" wires—which may do the Jints a lot more good than Blondy did sitting on the bench.

In passing out the orchids don't overlook Burleigh Grimes for the job he is doing in Brooklyn. The guy ain't doing so much as a Posey since the day he signed to manage the Dodgers. . . . Al Well, who manages Ambers, swears the "Armstrong fight will do \$150,000, but Mike Jacobs (who is only the promoter) probably would settle for half that—and pay a commission to boot.

New yellow ball made a hit here with everyone except the Cards—who lost. Reservations have been made from every state in the Union for the fifth annual Sugar Bowl game in New Orleans next January 1. . . . We have a hunch an outsider is going to cop this year's Hambleton. . . . Daily Whitehead bulletin: He swatted a double that broke up a 21-game winning streak for the Plymouth (N. C.) Rocks. Jimmy Braddock said it didn't make him a bit homesick to watch Lou Ambers training yesterday—not in that heat.

The husband of Madame Bey who runs the fight camp at Summit, N. J., once was an attaché of the Turkish embassy at Washington. . . . They went broke. . . . Madame Bey converted her summer home into a pugilistic camp and has made a fine go of it. . . . Bill Cissell, who has kicked all around the American League, is happy to be in the National where he hopes one and all will let him be for a spell.

Is this some sort of a record? In a game between Hobbs and Covis in the West Texas-New Mexico league the other night the first three Hobbs guys to go to bat in the last of the eighth swatted homers. . . . The Greeks might have a word for it, at that. . . . Wise old is the big difference between the Pirates of today and yesterday and the St. Louis papers can copy for Johnny is a product of the Cardinal chain gang system.

## GRAIN HARVEST IS VALUED AT \$2,500,000,000 NOW

Chicago, Aug. 4-(AP)-The nation's 1938 grain harvest of more than four and a half billion bushels, one of the largest on record was estimated today to have a market value of almost \$2,500,000,000.

Analysts based this estimate on the forecasts of the six Chicago crop experts whose August summaries indicated total production of wheat, corn, oats and rye in the United States would amount to approximately 4,583,000,000 bushels.

With the exception of last year's production of these major grains, which totaled 4,715,000,000 bushels and had a market value of slightly more than \$3,000,000,000, the 1938 harvest will be the greatest since 1932.

The valuation at market was based on Chicago prices for grain deliverable in the fall and winter.

The corn crop to be harvested this fall was estimated to have a market value of \$1,343,000,000 compared with \$1,555,000,000 last year. The wheat crop, now more than half reaped, was valued at \$645,840,000 compared with \$935,172,000 last year. Oats were valued at \$254,000,000 and rye at \$24,380,000.

The market valuation of the major grains was about \$500,000,0
